

Commercial & Industrial GO Program Application Form

Holden Municipal Light Department's (HMLD) Commercial & Industrial Green Opportunity (GO) program provides incentives and technical assistance to promote the identification and implementation of electric energy efficiency improvements in Holden, Massachusetts. The program targets all cost effective opportunities that result in electric savings in existing or new facilities. Applications will be reviewed on a first come first serve basis.

How does it Work? Customers who are interested in participating in the program should complete and submit this application form. The program administrator will contact the applicant by phone to review the application and to better understand the specific goals and interests of the applicant. If a scoping audit is deemed necessary, HMLD requires \$100 co-payment from the customer prior to audit scheduling. HMLD and the program administrator will work with the applicant throughout the process to help customers achieve their goals. Further information on the program design including eligible measures, incentive caps, and financing options are provided in the Program Description Document(s), available [here](#).

Who is Eligible? All non-residential customers, including commercial, industrial, governmental, and institutional are eligible to participate in the program. Customers must be in good financial standing with HMLD to participate in the program.
